In 2011 Pamela and Robert Champion created the Robert D. Champion Drum Major for Change Foundation in the loving memory of their son, Robert Darnell Champion. In 2015 Pamela and Robert Champion announced the new Be A Champion (BAC) Foundation initiative. The BAC foundation initiative expands the fight to end the senseless violence that took the life of their son. The foundation seeks to end the violence that ails communities, fragments families, and limits our nation's potentials. We must move with a sense of **URGENCY**; the time is **NOW**! Together we all can play a vital part in working towards the solution. We, invite you to make a **CHOICE** to stand with us. Make a **CHOICE** to be a part of the solution. Make a **CHOICE** to be proactive and work with us to prevent the next major tragedy from occurring.

*"Homicide is the fourth leading cause of death among youths 10 to 29, with an estimated 200,000 cases reported each year. For each young person killed, many more sustain serious injuries. Countless others develop mental health issues and engage in risky behaviors, like smoking and drinking, as a result."*
